EASY MANAGEMENT OF
IMPORT-EXPORT BUSINESS

OUR CORE VALUES: PASTA - P = Passion, A = Appreciation, S = Simplicity, T = Trust, A = Accountability

CUSTOMER OVERVIEW

There are various complexities associated with managing import and export business. From inventory management to the shipment of goods, every process needs to be handled with great care and precision for seamless business operations. The client recognizes this requirement of the business and offers an online solution to assist various stakeholders involved in the import-export process. The aim of this application is to interconnect the different actors who intervene in the import-export process like an import-export company, forwarding agent, trucking company and QC company.

PROJECT FEATURES

THIS ONLINE APPLICATION HAS VARIOUS MODULES:-

- Order management
- Planning
- Quotation
- Track and trace option for productions
- Management of shipments and deliveries
- Document management.
- Communication tool for exchange of information and documentation.

OUR CORE VALUES: PASTA - P = Passion, A = Appreciation, S = Simplicity, T = Trust, A = Accountability

PROBLEM STATEMENT

There were some bugs present in the online application. Also there was a need to enhance the application with some new features and functionalities.

CHALLENGES WHILE IMPLEMENTATION

What made the task challenging was that there was no documentation or data available for the project.

POSITIVE OUTCOME

Client has become an international import and export services provider and has created a good platform for logistics businesses around the globe. About 150 companies and agencies around the world are using client's services and have been able to control their costs and various overhead expenses.

OUR CORE VALUES: PASTA - P = Passion, A = Appreciation, S = Simplicity, T = Trust, A = Accountability
