How to improve from 85% failed IT-projects? Now-Possible 50% Cost, 99% Saving of IT/ ITES Projects with CIS, Introducing at Cebit-2011

Outsourcing Experts researched, 85% of outsourced IT & ITES projects fail due to various reasons, and one of main reason is Outsourced ZERO control on the resources working for them at their offshore vendor. At CIS, "Through a lot of trial and error and by offering various options to our clients", we believe we now have a good

balance of what our clients want with regard to a successful IT & ITES project outsourcing. And thus introducing CIS staff augmentations models at CeBIT 2011 with a good balance of Onsite, Offsite and Offshore staff engagements for our clients. Now our clients are able to Save 99% of their IT & ITES projects while still enjoy ~50% cost saving due to outsourcing.

Some of the Outsourcing Services from CIS:
